Inside the church allows a reflective time to listen to the musical groups in the last half hour of each cycle. Heritage tours inside the church at the start of the hour will allow an understanding of the many heritage aspects of the church.

### Under The Tree

The entertainment under the tree provides a great atmosphere for people to enjoy the Fair.

### Arena

On the arena there will be a mix of the old with medieval tournaments, and the more modern with the Australian Federation Guard Precision Drill team. As a finale to the Fair, a traditional maypole dance will occur in the last entertainment cycle for the day.
